

tremco illbruck is a European manufacturer and service provider of high-performance, sealing, bonding, waterproofing and passive fire protection for the construction and manufacturing industries. With more than 1,100 employees at 25 locations in Europe, Africa and the Middle East we achieve an annual turnover of EUR 300 million. tremco illbruck is one of six independent business units of RPM Inc., a world leader in specialty coatings.

The recently established Digital & IT division is driving the digital transformation for the entire tremco illbruck Group. Based on business requirements, we develop digital solutions to maximize the customer experience. In order to further reinforce our team and continue to successfully implement and execute our group-wide strategy, we are seeking an experienced:

ERP System Engineer (f/m) – MS Dynamics NAV

Located in our Office in Cologne, Prague or Wigan

Your tasks

- › Analyze requirements and engineer solution concepts for NAV
- › Modify existing, design and develop new functions in Microsoft Dynamics NAV 2009 Classic Client and related modules
- › Coordinate ongoing developments by actively contributing to IT projects
- › Be an active project member in implementing the „NextGen ERP“: and contribute to the upgrade strategy for Core Version, modules and interfaces and bring the solution to life
- › Shaping the future of our ERP landscape using Dynamics NAV with many partner modules and Interfaces (DMS, EDI, PIM, e-commerce, etc.)

Your Profile

- › Completed apprenticeship as IT Specialist or Bachelor/Master degree with relevant job experiences
- › Good application and software development experience in MS Dynamics NAV
- › You are interested in business processes, understand customer needs/requirements and are able to bring both together in a holistic approach
- › You find pragmatically simple solution, either digital or analog
- › Team player, who loves to drive important projects, highly committed and enjoys interacting with people
- › Good German and/or English knowledge of advantage

What we offer

- › A challenging task in an open and an attractive, modern working environment that is characterized by teamwork and cooperative management style
- › Intensive trainings and individual personal development programs to effectively support your training on the job
- › Flat hierarchies with open communication
- › Regular team employee events, which encourage team coherence, mutual understanding as well as cross functional collaboration

Become part of our team and shape the future of the tremco illbruck Group!

This sounds like your next challenge?
